

## Campaign4Life Team Leader Registration Form

Campaign4Life is an exciting way to share the importance of organ donation. Teams statewide will campaign to encourage friends, family, colleagues, classmates and more to enroll as organ donors! Currently only 18% of New Yorkers are registered to be organ donors compared to a national average of 42%.

Campaign4Life Spring Campaign will run from March 1-31, 2012. During that time, please connect with your local recruiter and also with the State Team, through our website [www.campaign4life.org](http://www.campaign4life.org).

We are thankful for your participation in this campaign as we work to save more lives together!
