

NO REFERRAL IS TOO EARLY!

Please call all vent-dependent patients at the first indication of a non-survivable injury OR illness

Call within 1 hour for ANY of the following:

– Potential Organ Donors:

(vent-dependent patients)

- Loss of 2 or more Brain Stem Reflexes
- GCS \leq 5
- Prior to any end-of-life discussions with patient's family

– Potential Tissue Donors:

- All deaths

IMPORTANT REMINDERS

- Please refer all patients regardless of age, medical history, sedation or hypothermia protocol
- Hospital staff should not mention organ donation independent of LiveOnNY
- Please call LiveOnNY as early as possible before palliative extubation or with any change in the plan of care to give us time to evaluate the patient

Families deserve the opportunity to decide if donation is right for their loved one
