# THREE YEARS OF TRANSFORMATION

2022-2024

LiveOnNY™

Life. Pass it On.™

**Ruth C. Browne, SD**

Chairperson

President & Chief Executive Officer  
Ronald McDonald House New York

## A Message from Our Chairperson

# Ruth C. Browne

Leadership counts. When it comes to a lifesaving organization like LiveOnNY, the person at the helm must be many things at once: inspirational, intelligent, agile, adaptive, relentless, resilient, and, most of all, trustworthy. A transformative agenda setter who creates significant, lasting change in an organization, sector, industry, or even society. In the organ donation and transplantation industry, Leonard Achan is that leader.

In just three years, Mr. Achan and his leadership team have turned around a struggling organization that today has saved more lives than ever in our 47-year history. He has also made impressive progress in critical areas, including addressing disparities in organ procurement and placement, academia and training initiatives, and creating media and public visibility of our mission.

Lenny has the grit and sophistication required for this demanding role, collaborating with New York's large and complex healthcare ecosystem—including surgeons, hospital CEOs, and administrators—as well as caring for grieving families at a time of terrible loss.

For one, he is not your cookie-cutter executive. Before he was recruited to LiveOnNY in 2021, he'd been an ICU nurse, and then a healthcare executive for 25 years, including serving as innovation chief at the world-renowned Hospital for Special Surgery in Manhattan. He's also a quintessential New Yorker, and a dad and husband. He brings a deep humanity and creative intellect to LiveOnNY's mission to save and improve lives through organ, eye, and tissue donation.

According to federal regulators, LiveOnNY is now a top-tier organization among the 55 organ procurement organizations in the country. All of this is a credit to him, and the strong organization he has built with his team.

Today, I can report that LiveOnNY is in strong and capable hands. Our finances and board governance are sound, and our clinical and leadership teams are well prepared to execute Lenny's bold vision. I am proud to work alongside him as Board Chairperson as we enter the most exciting period in LiveOnNY's future.

**Leonard Achan, RN, MA, ANP**  
President & Chief Executive Officer  
LiveOnNY

## A Message from Our President & CEO

# Leonard Achan

What a difference three years has made. The people of the New York metro region told us—and showed us—that they want the opportunity to honor their loved ones; told us and showed us that they want a legacy that helps others live on. Recruiting a leadership team to honor their wishes and to change the culture of an entire city was the task at hand. We did this by going back to the basics from nearly 50 years ago that was the foundation of why the Organ Procurement Organization industry was created.

Our strategic plan was founded based on those principles. I'm proud to report after three years of a relentless focus on regulation combined with best practices and implementing sweeping organizational changes, LiveOnNY accomplished what many thought impossible: a nearly 70% increase in the number of organ donors and a record number of lives saved in New York and across the country.

We were able to achieve this due to the grace of our New York community and the tireless efforts of LiveOnNY's dedicated staff, who work around the clock—365 days a year—and engage our 100 area hospitals in a common

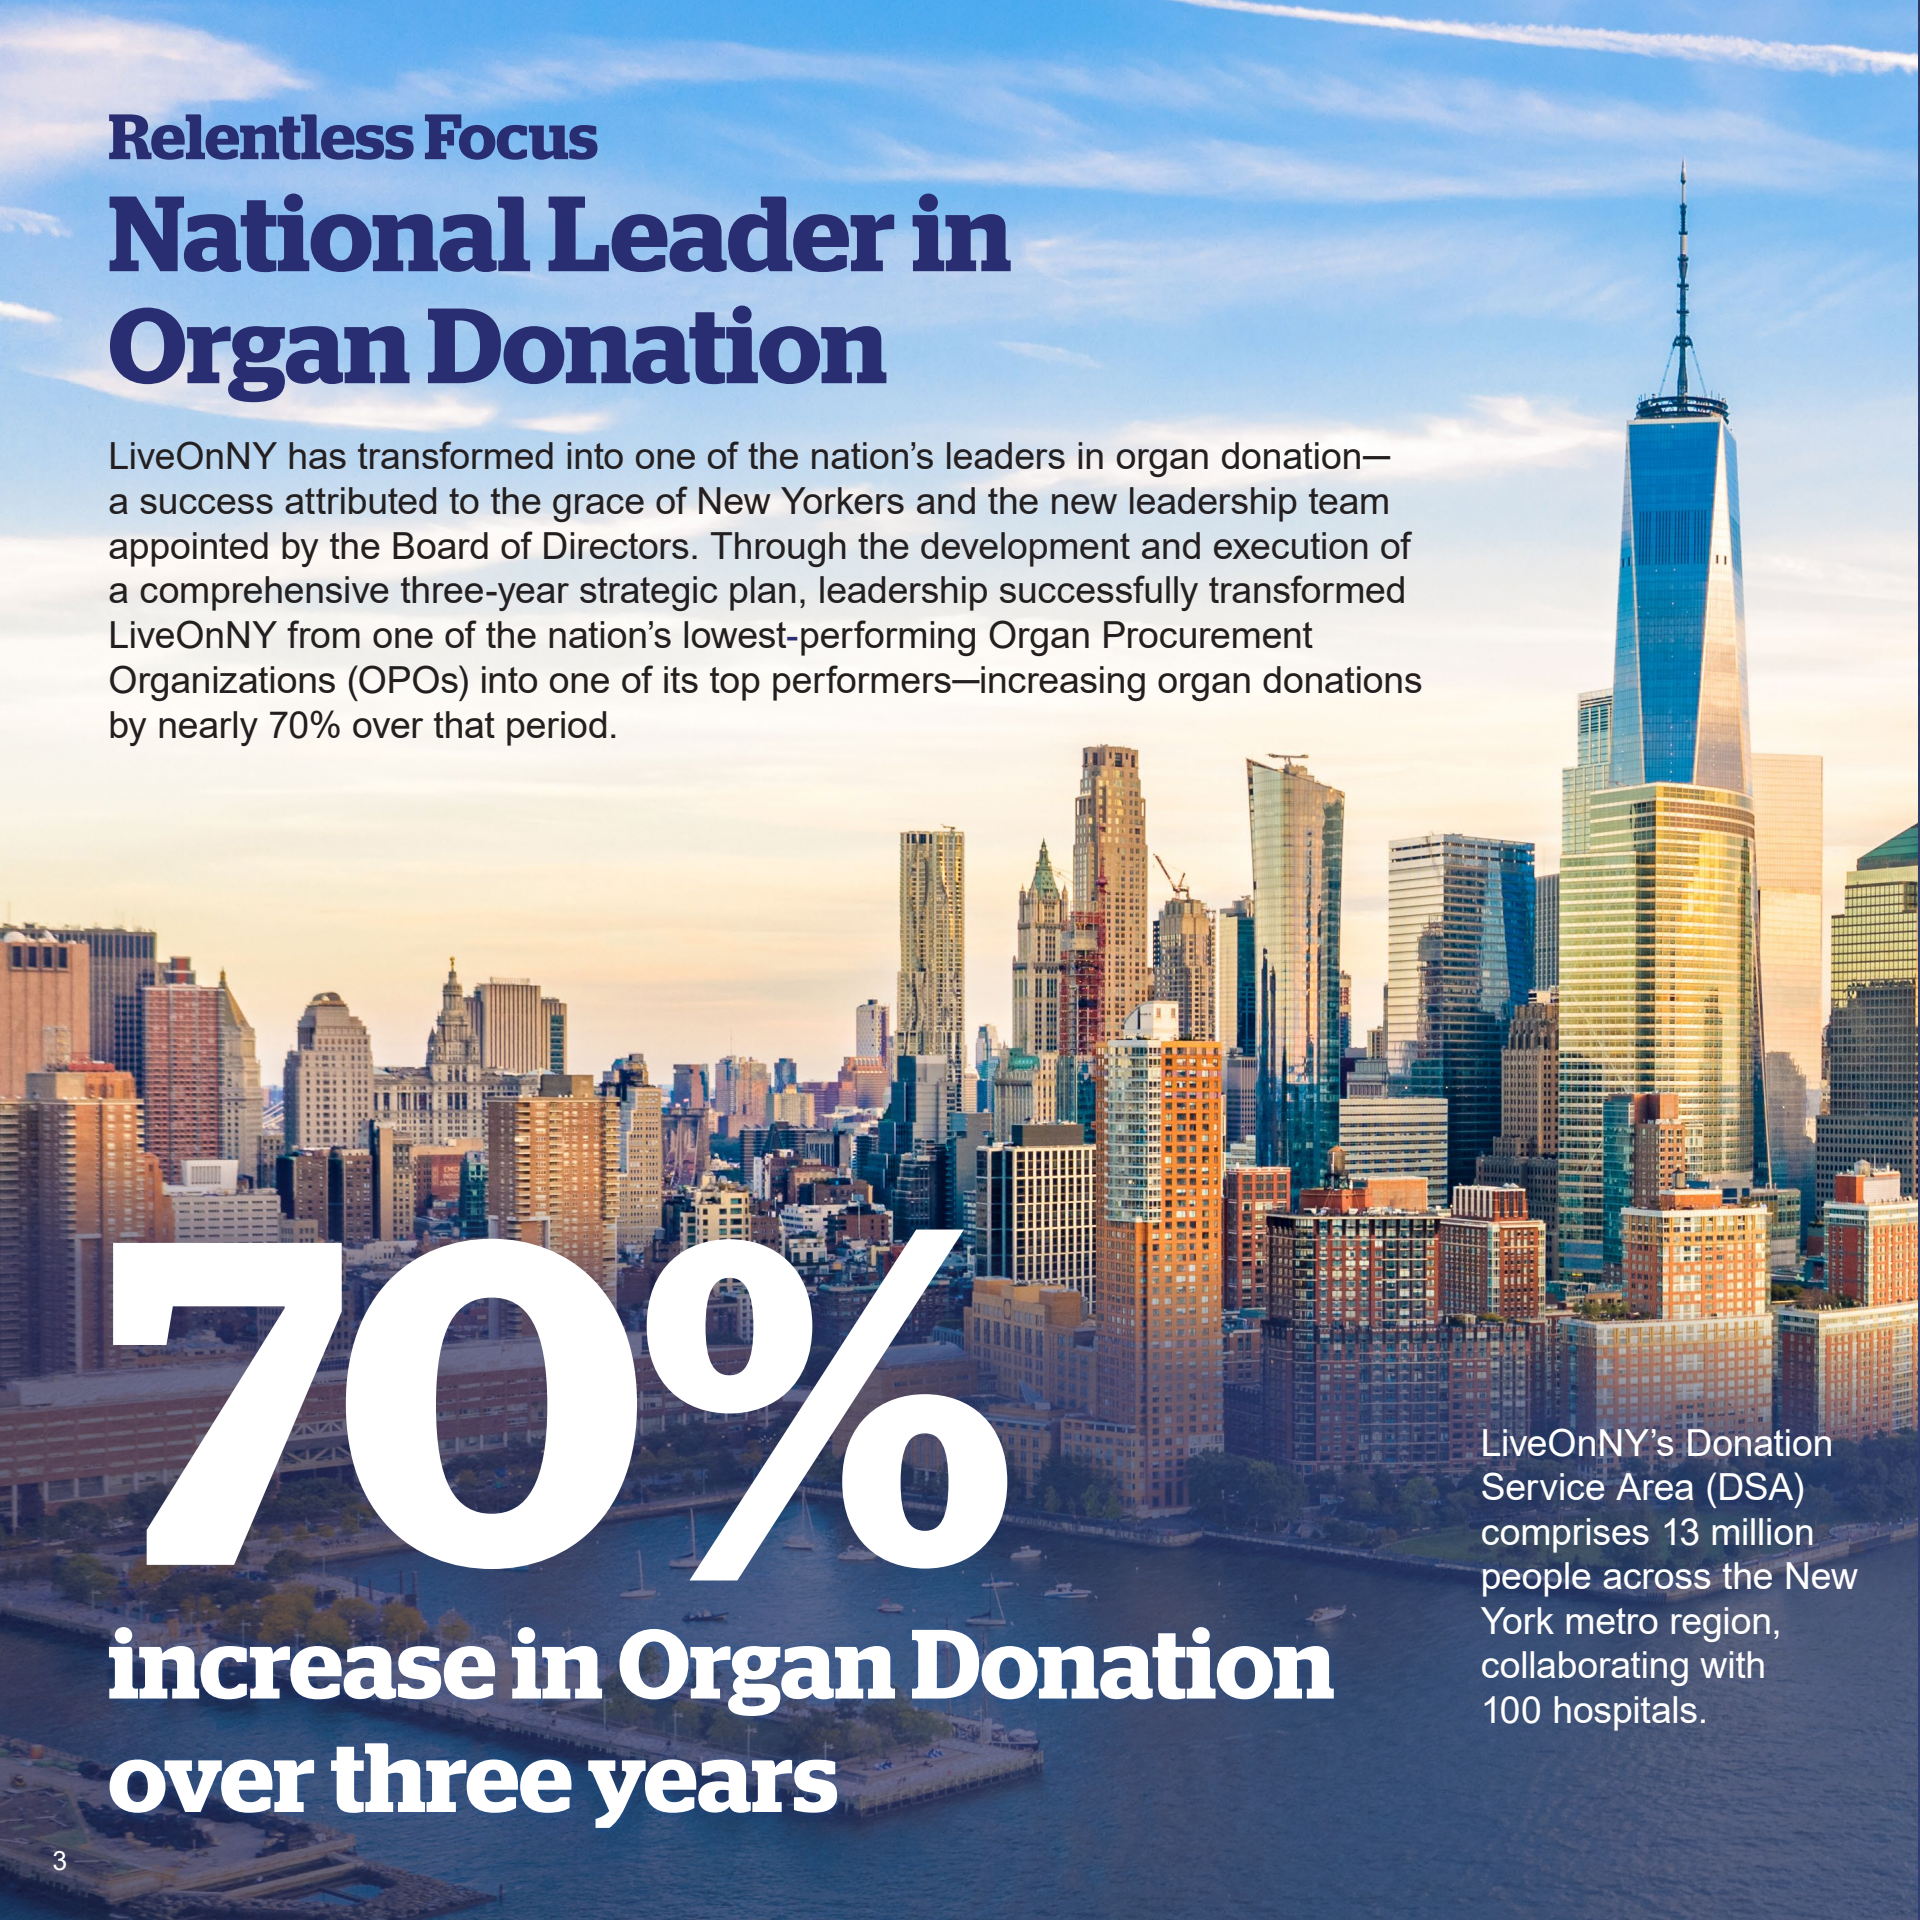

cause. These milestones would be impossible without the thousands of selfless New Yorkers and their families who say “yes” to the gift of life so that others may live on. A few other firsts we are pleased to report: LiveOnNY, which for decades struggled to perform effectively, is now among the top-performing OPOs in the country. We are also number one in the nation for placing otherwise overlooked kidneys, which for years had been discarded instead of placed to save a life. And we are now number one in honoring Black organ donor heroes and geriatric organ donor heroes—two groups who historically were rarely approached for a discussion about the potential for their lifesaving legacy.

In addition, LiveOnNY has created the first organ donation fellowship in the country at NYU Langone Health, planting the seed to one day see organ donation as a formal medical specialty, much like cardiology, oncology, and emergency medicine established within hospital institutions. As we look to the future, I see a day where every person on the waitlist has an increased level of hope, a hope built on success thanks to an organ donor and the miracle of organ donation and transplantation.

Make no mistake: This is not easy work in our beautiful metropolis, and there is much more to be done in the days and years ahead. LiveOnNY will continue to rise to the challenge. Our staff is out in every community educating the public about organ, eye, and tissue donation. New York's vast media outlets have also played a pivotal role in getting our lifesaving message out there—we have achieved an extraordinary 8 billion unpaid media impressions to date. Our allied health professional associations, elected officials, and community leaders have rallied around LiveOnNY to continue to give New Yorkers the chance to say “yes” to donation. It is an honor to continue to lead this effort. Above all, we thank our organ donor heroes and our New York communities for their trust in LiveOnNY as the stewards of their lifesaving gifts to those around the nation on the transplant waitlist. Life. Pass it On.

“*Thank you to our donor heroes and our New York communities whose generosity makes these gifts possible.*”

# **Relentless Focus**

# **National Leader in**

# **Organ Donation**

LiveOnNY has transformed into one of the nation's leaders in organ donation—a success attributed to the grace of New Yorkers and the new leadership team appointed by the Board of Directors. Through the development and execution of a comprehensive three-year strategic plan, leadership successfully transformed LiveOnNY from one of the nation's lowest-performing Organ Procurement Organizations (OPOs) into one of its top performers—increasing organ donations by nearly 70% over that period.

# 70%

2022

LiveOnNY's award-winning culture is driven by a compassionate and diverse team united by our mission to save lives. For three consecutive years, we've been recognized as one of Crain's Best Places to Work, a testament to the dedication, compassion, and excellence of our people. LiveOnNY continues to elevate performance, expand impact, and build a workplace where purpose and progress go hand in hand. Talented people are the backbone of our success—and the heart of our mission.

# LiveOnNY Staff Growth

LiveOnNY continues to grow and recruit top talent to support our mission. As donation cases increase, LiveOnNY reinvests in talented people to support our mission.

## Community at the Core Driving Change, Honoring Choice

LiveOnNY's success is powered by a bold, community-driven strategic plan that puts education, equity, and compassion at our core. The organization collaborates with elected officials, community leaders, hospitals, allied health professionals, and donor families to educate the community about everyone's individual right to give the gift of life.

## Representing the Community We Serve

These pie charts (right) highlight how LiveOnNY's donors and transplant recipients reflect the rich diversity of the New York metro region—mirroring the communities we serve.

# Elected Officials Driving the Mission Forward

Over the past three years, LiveOnNY has worked closely with elected officials across New York state to lift up and serve our communities. Together, we've honored more donor heroes than ever before, transforming grief and loss into lifesaving impact. Across multiple boroughs and counties, we've received 15 proclamations from elected officials in recognition of LiveOnNY's work, often alongside donor families and grateful recipients who inspire our mission every day.

# Hospital Engagement Flags Raised, Lives Celebrated

LiveOnNY proudly hosts hospital appreciation and flag raising events to honor donor heroes, their families, transplant recipients, and the dedicated healthcare teams who make organ and tissue donation possible. These gatherings feature moving tributes from donor families and raise awareness of the power of donation, while celebrating the compassion and commitment of the hospital staff who help save lives.

# LiveOnNY Foundation

## Initiatives with Impact

Established in 2016, LiveOnNY Foundation has created and supported many initiatives that educate the public about the gift of life and assist donor and recipient families. These efforts raise awareness, provide essential resources, and ensure families receive the support they need during life-changing moments.

### Marino Prodan Legacy Award for Kids

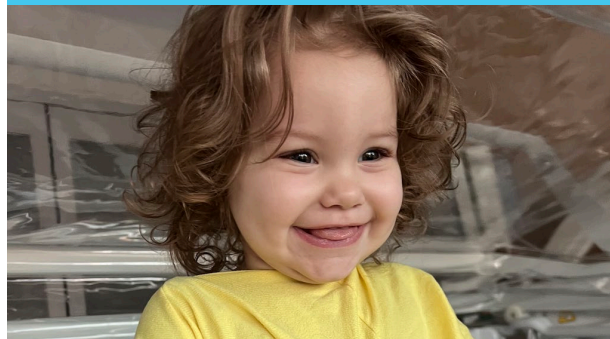

Established by Donate Eight in honor of former board member Marino Prodan, who passed away in 2022, this grant provides \$2,500 awards to support children who have lost a parent or sibling who were organ donor heroes. Funds may be used for summer camp, school expenses, grief counseling—anything that supports a grieving child.

### The Amanda Forsyth Gift of Life Transport

Donor mom Diane Forsyth coordinates 24-hour transportation for grieving families facing the sudden loss of a loved one who became an organ donor. To date, she has arranged nearly 1,000 rides.

### “Ya Gotta Have Heart” Grant

LiveOnNY Foundation’s “Ya Gotta Have Heart” grant to Harboring Hearts has assisted more than 1,000 transplant patients and families with short-term hotel stays near the hospital, as well as transportation, gas, or groceries.

### “Sean’s Gift” Blanket Program

Sean LaPersonerie became a donor hero in 2011, saving three lives. His mother, Marie, created “Sean’s Gift” to comfort other donor families with crocheted blankets donated by volunteers, fellow donor families, and advocates.

# LiveOnNY Foundation

## Giving in Action

LiveOnNY Foundation raises and directs charitable contributions to support organ donation, donor families, and transplant recipients. Through generous community support and impactful events, the Foundation helps fuel hope, healing, and second chances.

### Donate Eight Gala

Donate Eight was founded by members of the New York City real estate, building management, and building service community in response to the immediate need to increase organ donation awareness and registration. Since its first gala in 2013, Donate Eight has raised over \$10 million for LiveOnNY Foundation.

### New York City Marathon

Runners participated in the 2024 TCS New York City Marathon wearing LiveOnNY's white and blue. One of the runners, Becky Regan, ran in honor of heart recipient and organ donor Lauren Marks, who passed away in 2023. Beyond running 26.2 miles, LiveOnNY's team raised more than \$23,000 for LiveOnNY Foundation.

### The Big Walkowski

In 2024, Joel Walkowski dedicated his long-standing annual event, The Big Walkowski—a Brooklyn-based basketball tournament—to his friend and organ donor hero, Kenny DeForest. Kenny was a rising star comedian, who in his passing, saved five lives. Joel raised money in honor of Kenny and his gifts of life. The event raised more than \$10,000 to help advance LiveOnNY Foundation's mission.

## TD Five Boro Bike Tour

LiveOnNY's 2024 team of cyclists rode 40 miles through New York City in the TD Five Boro Bike Tour. The day's events brought together LiveOnNY staff members, transplant recipients, donor families, and local elected officials, including New York State Senator John Liu from Flushing. The team raised more than \$35,000 for LiveOnNY Foundation.

## LiveOnNY Donor Heroes 5K

LiveOnNY hosted the inaugural Donor Heroes 5K in September 2024. Attendees heard remarkable stories shared by donor families. Mr. and Mrs. Met, the beloved mascots of the New York Mets, joined the walk to the iconic World's Fair Unisphere. The day was filled with gratitude and reflection, celebrating the gift of life through organ and tissue donation. The event returns on September 21, 2025.

## Victoria's 5K Run for Life

Every fall, Michael McDonnell and his wife, Randi, organize more than 100 runners, walkers, and local businesses for Victoria's 5K Run for Life on Staten Island. The run honors their 26-year-old daughter, Victoria, who passed away from a sudden brain aneurysm and saved three lives through organ donation. To date, more than \$40,000 has been raised for LiveOnNY Foundation.

## Pete's Golf Shop Tournament

The 45th Anniversary Pete's Golf Shop Tournament, held in August 2024 on Long Island, benefited LiveOnNY's lifesaving mission. Woody Lashen, whose wife, Linda, received a lifesaving heart transplant in 2012, organized the event in her honor. The event raised more than \$100,000 for LiveOnNY Foundation.

# Creating Connections Honoring Donor Legacies

LiveOnNY is dedicated to celebrating the lives and generosity of those who gave the gift of life. Through heartfelt events and gatherings, we create spaces where donor families can connect, share their stories, and honor their loved ones. These meaningful moments offer comfort, community, and healing on the journey toward hope and remembrance.

## Paint Events: Honoring Donors

LiveOnNY's Painted Legacy honors local donor heroes through meaningful art events where attendees create custom canvas paintings inspired by photos of their loved ones.

Painted Legacy: Donor families complete paint-by-number photos of their loved ones.

Donor Heroes Honored at Brooklyn Cyclones Baseball Game

# Remember and Rejoice Service at St. Patrick's Cathedral

LiveOnNY supports the Transplant Recipient International Organization (TRIO)'s Annual Remember and Rejoice Service, which is the largest gathering of donor families and recipients in the country. The event honors and commemorates organ, eye, and tissue donor heroes and their families alongside grateful transplant recipients.

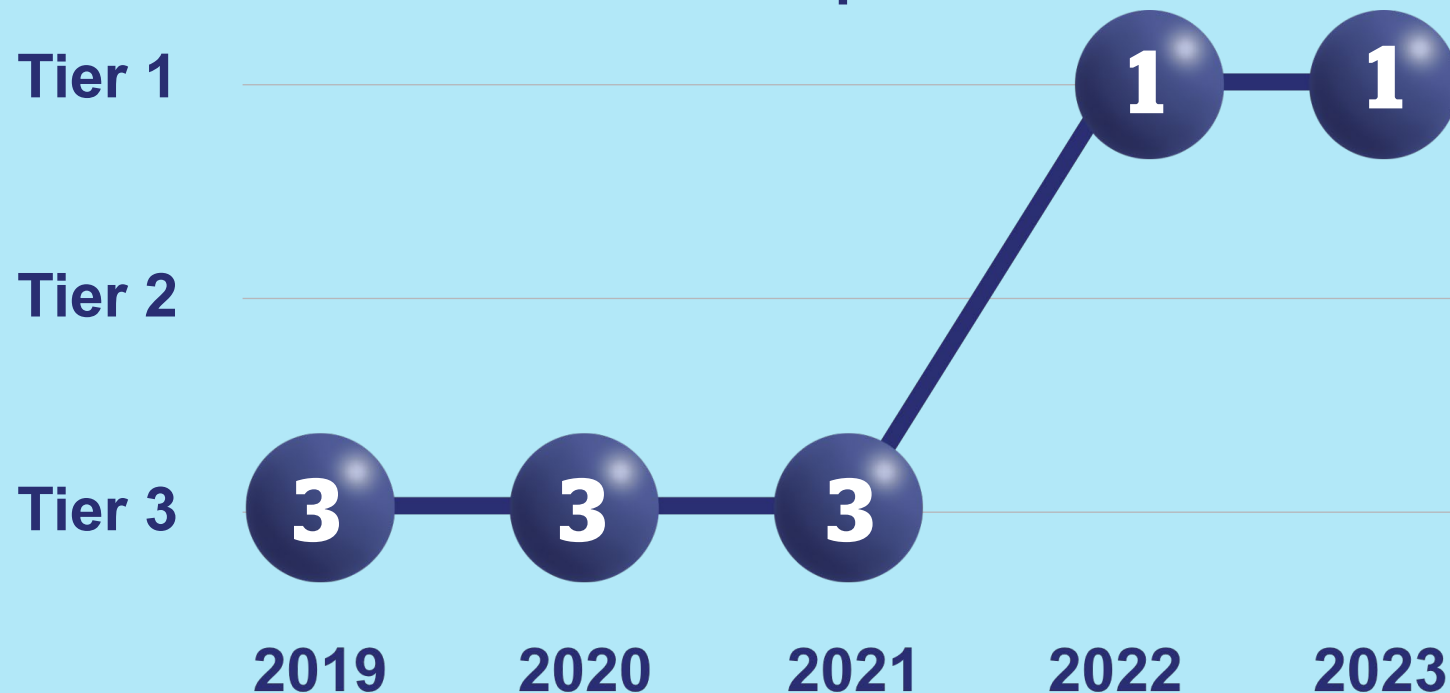

# Strategic Momentum and Exponential Growth

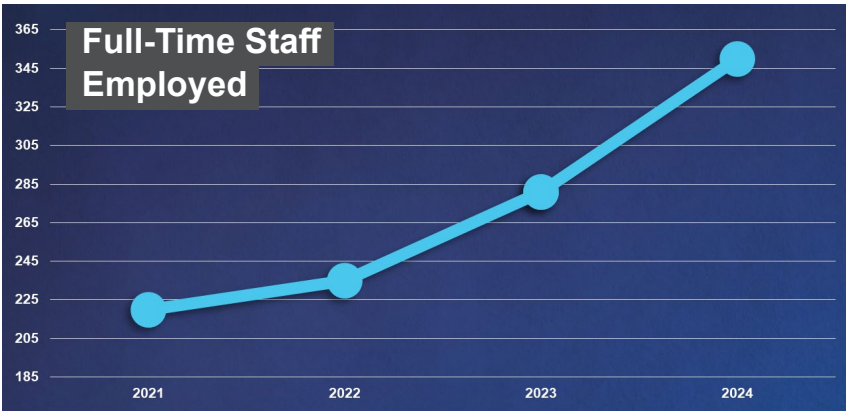

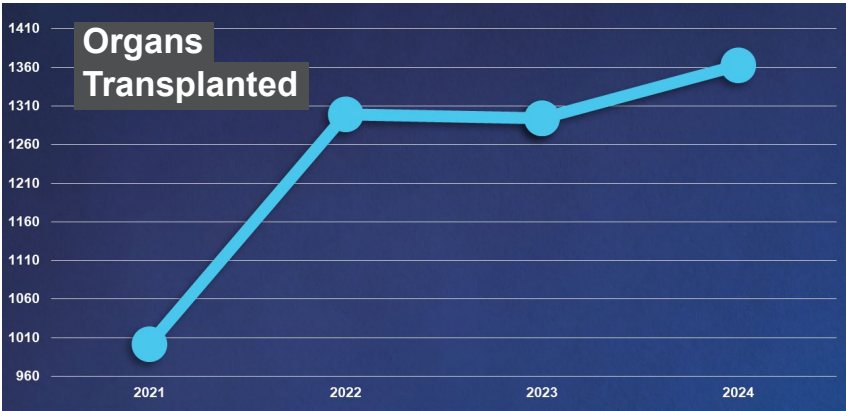

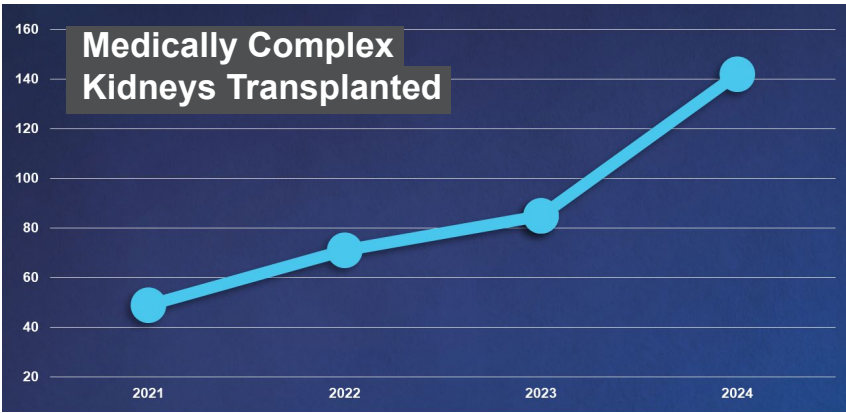

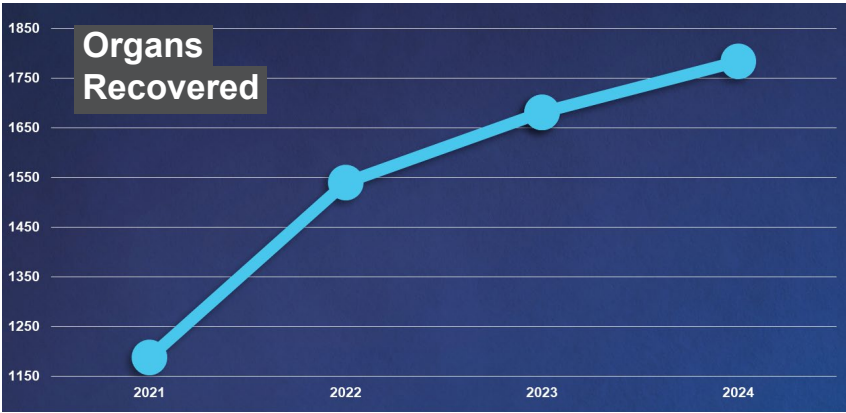

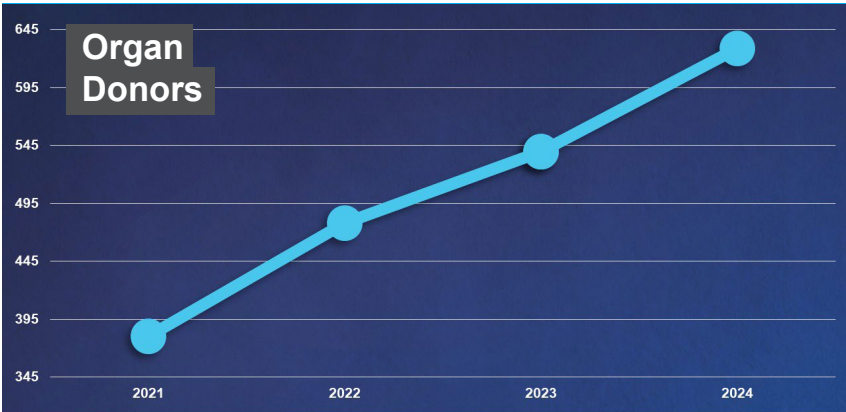

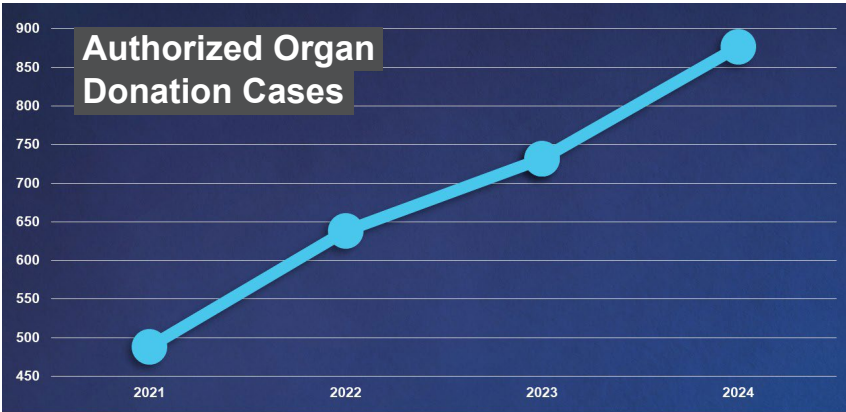

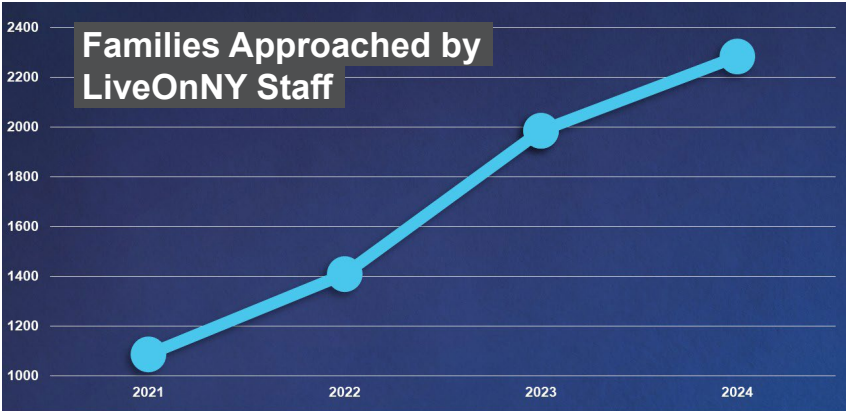

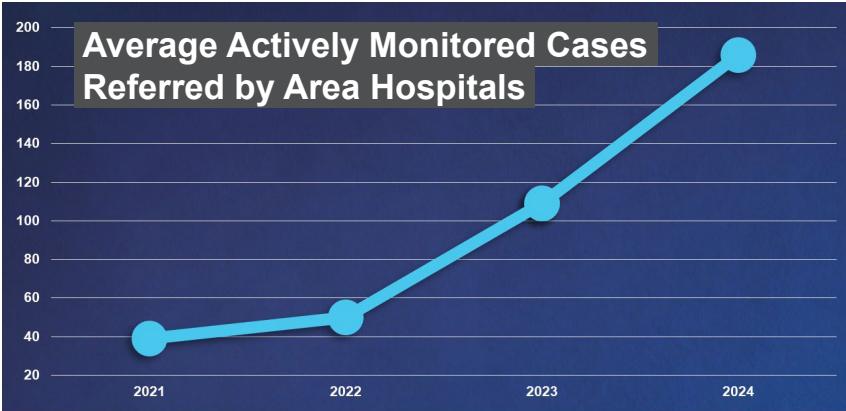

LiveOnNY has experienced exponential growth following a three-year strategic plan set in place by the LiveOnNY Executive Leadership Team and Board of Directors. With increased growth in lives saved, LiveOnNY has been able to reinvest in our mission, staffing, and community outreach. Collaborating with hospitals, elected officials, community partners, donation advocates, and the families of donor heroes, donation has increased across the board.

## LiveOnNY Classification by CMS OPO Public Performance Report

The Centers for Medicare & Medicaid Services (CMS) has released the final 2024 and 2025 performance reports for Organ Procurement Organizations (OPOs). According to the 2025 report—based on 2023 data—LiveOnNY has been ranked as a Tier 1 OPO, the highest performance designation, for the second consecutive year.

# HONORING DONOR HEROES WHO GAVE THE GIFT OF LIFE

LiveOnNY salutes the generosity of all selfless organ, eye, and tissue donors and their families who say “yes” to donation. Listed here are donor heroes who gave the gift of life between 2022-2024.

# HONORING DONOR HEROES WHO GAVE THE GIFT OF LIFE

LiveOnNY salutes the generosity of all selfless organ, eye, and tissue donors and their families who say “yes” to donation. Listed here are donor heroes who gave the gift of life between 2022-2024.

# Pioneering Excellence in Organ and Tissue Donation

LiveOnNY has established a world-class model of excellence in organ and tissue donation, featuring innovative fellowships and cutting-edge technologies. These initiatives are transforming the field—increasing donor referrals from hospitals and saving more lives than ever before. LiveOnNY's commitment to excellence ensures a brighter future for organ donation.

## Innovative Training & Education: **The Donate Eight Simulation Center**

In October 2024, LiveOnNY proudly unveiled the Donate Eight Simulation Center, made possible by the generous support of Donate Eight and LiveOnNY Foundation. This state-of-the-art facility enhances training for Clinical Operations staff and educates the public about the lifesaving process of organ donation. With a focus on excellence in donor care, the Simulation Center ensures our heroes' legacies live on through the gift of life.

LiveOnNY on the Move: Transporting lifesaving kidneys to hospitals where patients await transplant.

# Groundbreaking Fellowship

## NYU Langone Health and LiveOnNY Launch First-Ever Advanced Organ Donor Management Fellowship

Made possible by LiveOnNY Foundation, this groundbreaking fellowship is shaping organ donation into a recognized medical specialty through advanced practices and expert training.

“

*This partnership with LiveOnNY will help build a knowledge ecosystem that can only be achieved through our commitment to continuous learning, which will help both the civic and professional communities transition the act of organ donation from life-ending to life-giving.”*

**Robert Montgomery, MD, PHD**

H. Leon Pachter, MD Professor of Surgery,  
Department of Surgery at NYU Grossman School of Medicine  
Chair, Department of Surgery  
Director, NYU Langone Transplant Institute

“

*This groundbreaking fellowship marks a significant step for organ donation to be recognized as its own discipline. A clinical specialty in organ donation can create, advance, and expedite a best practice that will increase the numbers of lives saved by those who choose to give the gift of life to others.”*

**Leonard Achan, RN, MA, ANP**

President & Chief Executive Officer  
LiveOnNY

# Leader in Complex Kidney Placements

LiveOnNY is number one in the nation in placing kidneys that are often declined by transplant centers but can offer a valuable alternative to prolonged dialysis. Commonly referred to as “underutilized” or “overlooked,” these organs have the potential to function effectively for many years. They may be especially beneficial for patients who are older, have spent extended time on dialysis, or face other medical challenges that complicate transplant eligibility.

## Never Too Old to Donate

**Martha Rodriguez, RN**  
Donor Hero, Saved Three Lives

Martha Rodriguez was a veteran breast cancer nurse at Memorial Sloan Kettering, a treasured friend and co-worker who loved her adopted city and world travel. Tragically, the 72-year-old Harlem resident was violently knocked to the pavement in August 2024 and died of her head injuries. Martha gave the gift of life to three strangers, donating her healthy liver and two kidneys. Her last wishes as a registered organ donor were fulfilled.

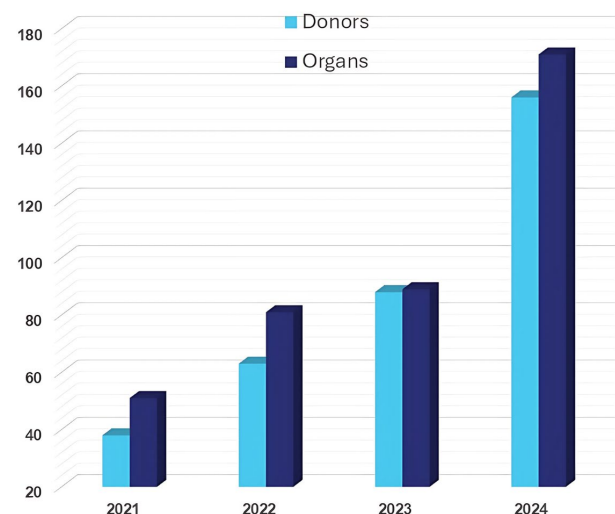

Today, with medical advances in organ donation and transplantation, being older is no longer an instant rule out. In the last three years alone, New Yorkers in their 60s, 70s, 80s, and 90s have successfully saved hundreds of lives. The oldest donor in New York state, and one of the oldest in the country, was a 94-year-old man whose healthy liver was successfully transplanted into a man in his 50s.

“There is no age limit for registering as an organ donor, and older individuals can still donate their organs if they are medically suitable,” said

Leonard Achan, President and CEO of LiveOnNY. “The primary factor determining suitability for organ donation is an individual’s health, not their age. We can live life to a ripe old age, and go out a hero.”

“**Martha lived her life as a peaceful warrior for humanity. Thanks to LiveOnNY’s caring staff, the organ donation process and honor walk for her at the hospital was one of the most profound experiences of my life.**” — Tom Young, Friend

### 300% Increase in Kidney Donation from Older Donors

Age 65+ Organ Donors, Organs Transplanted by Year

# Inspiring Hope One Story at a Time

LiveOnNY works closely with media outlets and families to tell the stories of their loved ones—the joy they brought in life and the legacy that now lives on in others. Thanks to the generosity of donor families sharing their stories, and support from the media, LiveOnNY garnered more than 8 billion unpaid media impressions from 2022 to 2024, driving a significant increase in lives saved. Their contribution has made an indelible impact on the public, and we are deeply grateful to them.

Ethan Holder

Donor Hero, Saved Six Lives

“

He always gave his all,  
and this will be the ultimate  
giving. We have parts of him  
living, walking, loving, and  
breathing in other people.  
So really, it wasn't a difficult  
decision. It's the spirit of  
who he was.”

— Roy Holder

# Messaging That Moves People

In fall 2024, LiveOnNY launched a bold new advertising campaign in partnership with DeVito/Verdi—shaped by community insights and driven to inspire action. LiveOnNY experienced the most successful two-month period in its history. Between January and February 2025, 299 organs were transplanted—a 44% increase compared to January and February of the previous year. The campaign also led to a 34% rise in organ referrals from hospitals during that same two-month span. The campaign garnered more than eight local ADDY Awards for creative excellence from the American Advertising Federation, including top honors for the iconic “I (Heart) NY” print ad in the national ADDY Awards competition.

# Because of a Donor

## A Lifesaving Narrative Born from Loss

Organ and tissue donation can transform personal tragedy into lasting legacies. For grieving families, the act of organ donation creates a powerful narrative of healing—one in which a final act gives hope and life to others. Each donor honored here leaves behind a legacy forever remembered by recipients who now live on because of them.

**Detective Wilbert Mora**

In January 2022, New York Police Department (NYPD) Detective Wilbert Mora, 27, made the ultimate sacrifice when he was shot in the line of duty. In his final act of heroism, he saved five lives. His legacy endures, remembered both as a fallen officer and a donor hero whose impact lives on.

**Ethan Holder**

At 19, Ethan Holder was an aspiring educator whose life was stolen by senseless violence in 2022. Because he was always a giving person, his family made the selfless decision for him to be an organ donor, saving six lives. His kindness and generosity endure in those he helped, ensuring his legacy is one of heroism and hope.

**Emily Ruiz**

Emily Ruiz, 30, a devoted Manhattan mom, tragically lost her life when an alleged drunk driver struck a crowd on July 4, 2024. As a registered donor, Emily's selfless decision to give the gift of life saved four people. Her legacy of generosity and love continues through those she saved.

**William "Billy" Moon**

Fire Department of the City of New York (FDNY) firefighter Billy Moon died from a head injury during training in 2022. A registered organ donor, Moon, 47, saved five lives, including two fellow firefighters.

**Kenny DeForest**

Beloved Brooklyn comedian Kenny DeForest, 37, brought joy to many. After a fatal e-bike accident in 2023, his final act was one of generosity—donating seven organs to save five lives.

**Bella Trezza**

Bella Trezza, 17, lost her life in a devastating car accident in 2024. Bella's family made the selfless decision to honor her legacy through organ donation. Bella saved three lives.

**Nicholas D'Amora**

Nicholas D'Amora, 25, was a beloved member of the Staten Island community and a fierce advocate for people with autism. After his passing in 2023, Nicholas bestowed the gift of life to five individuals—a testament to his kind spirit.

**Roger Kwok**

A 45-year-old war veteran and New York City Department of Sanitation worker, Roger Kwok dedicated his life to service. When he passed in May 2023, his family honored his giving spirit through organ donation, saving four lives.

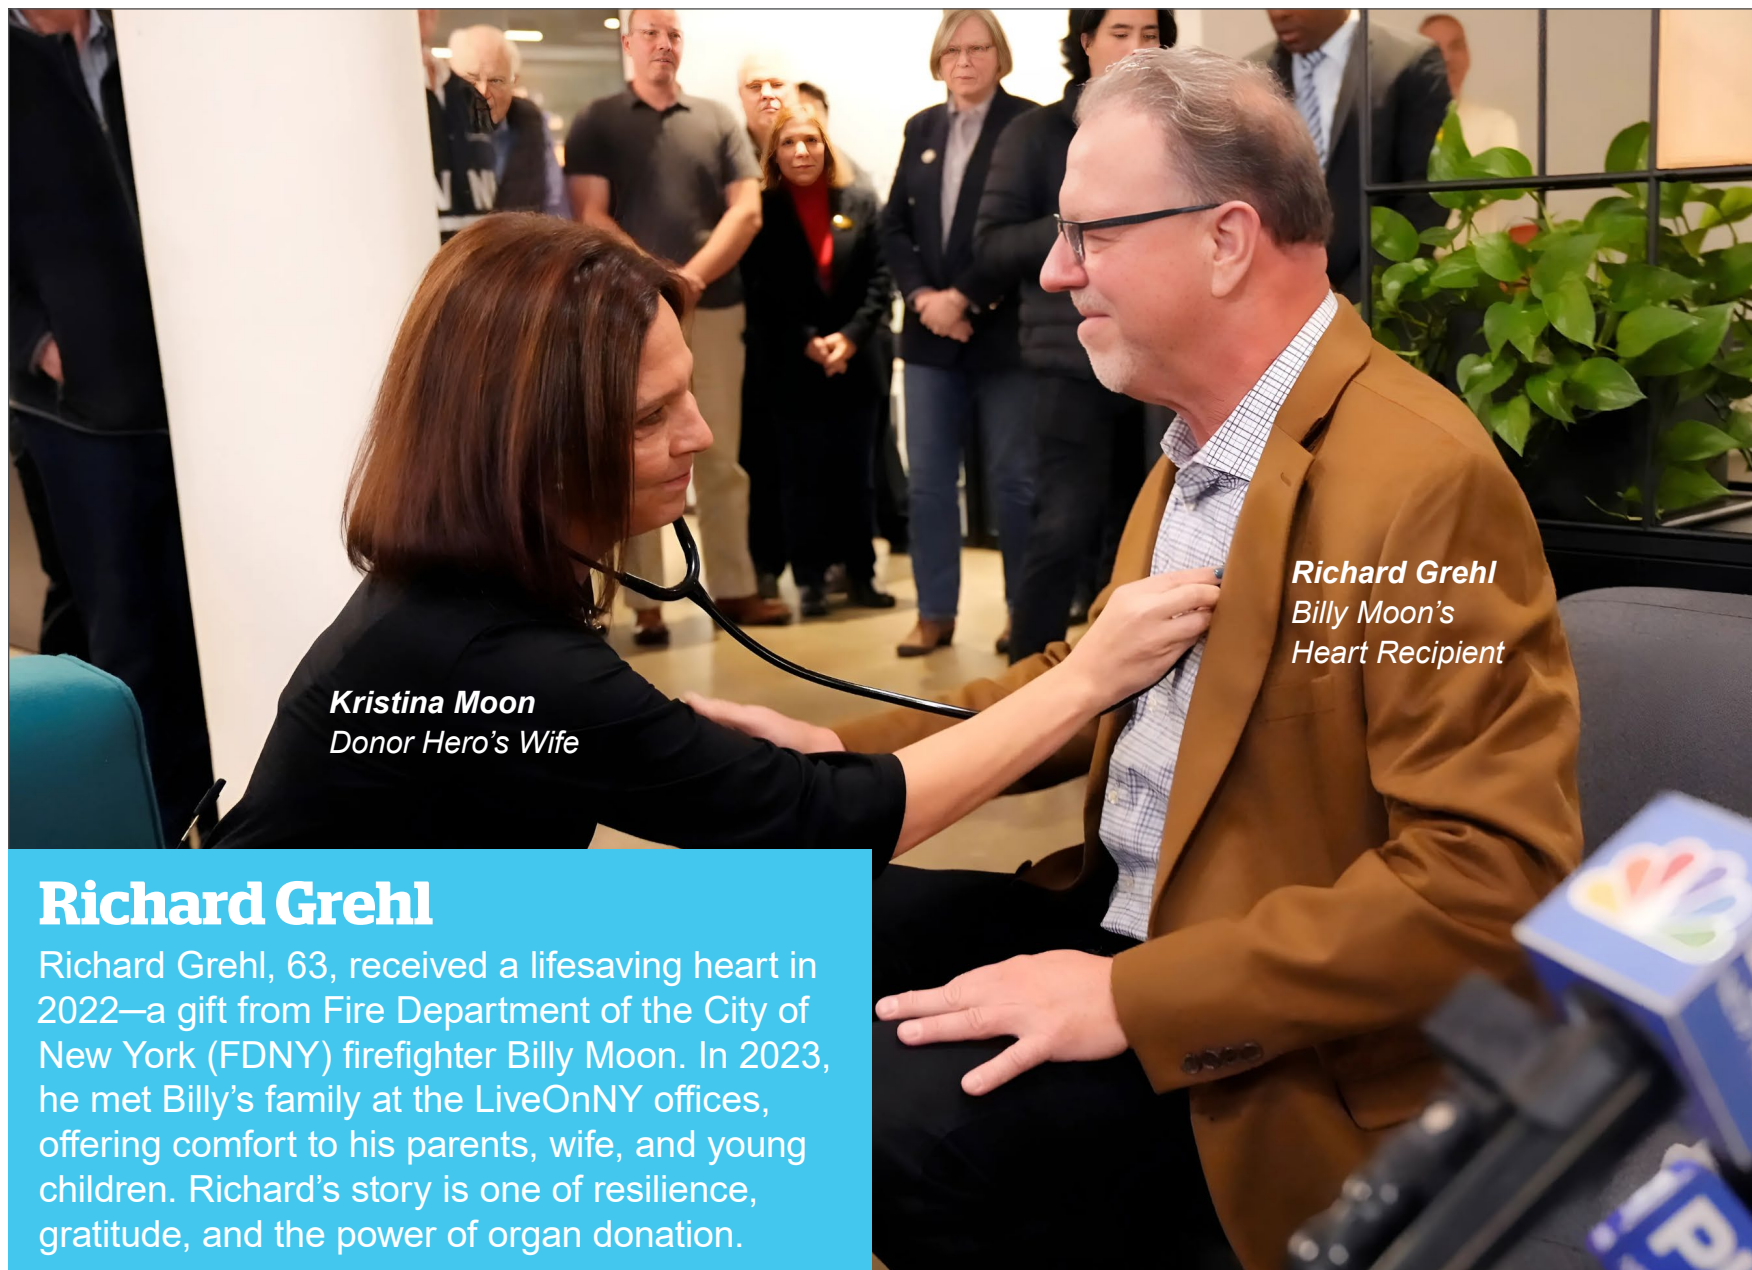

**Josue Lopez-Ortega**

Josue Lopez-Ortega, 15, a kind-hearted Bronx teen, was killed by a stray bullet after a basketball game in 2023. In his final act of heroism, he saved seven lives by donating eight organs, leaving a legacy of hope and love.

# Because of a Donor Recipients Live On

Without a donor, there is no recipient. The inspiring stories featured here remind us that organ donation is more than a medical miracle—it's a second chance at life. Each transplant recipient's journey is a powerful testament to the generosity of donor heroes and the lasting impact of their selfless gift.

**Kristina Moon**  
*Donor Hero's Wife*

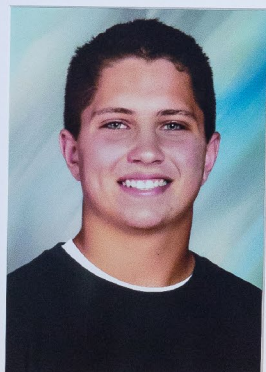

**Richard Grehl**  
*Billy Moon's  
Heart Recipient*

## Richard Grehl

Richard Grehl, 63, received a lifesaving heart in 2022—a gift from Fire Department of the City of New York (FDNY) firefighter Billy Moon. In 2023, he met Billy's family at the LiveOnNY offices, offering comfort to his parents, wife, and young children. Richard's story is one of resilience, gratitude, and the power of organ donation.

**Karen Crowell**  
*Heart Recipient*

**Thomas Cutinella**  
*Donor Hero*

## Karen Crowell

Born with congestive heart failure, Karen Crowell's future was uncertain—until a transplant from donor hero Thomas Cutinella, 16, saved her life. His gift allowed her to marry, start a family and career, and embrace a future once out of reach. Karen now lives as a testament to the power of organ donation.

**David Grass**  
*Donor Hero*

**Victor Sanchez**  
*Kidney Recipient*

## Victor Sanchez

As a world-traveling DJ and father of four, Victor Sanchez's life was turned upside down when he was diagnosed with end-stage kidney failure. Thanks to the generous act of David Grass, an organ donor hero, Victor got a second chance at life.

# Meet Our Executive Leadership Team

LiveOnNY's Executive Leadership Team brings a wealth of talent and knowledge, diverse expertise, and a deep, shared commitment to our cause. Their strategic vision and collaborative efforts have been crucial in advancing our mission and creating meaningful impact within the communities we serve.

**LiveOnNY**<sup>TM</sup> | Life. Pass it On.<sup>TM</sup>

LiveOnNY is a federally designated Organ Procurement Organization (OPO) committed to honoring, saving, and transforming lives through organ and tissue donation. Established in 1978, LiveOnNY collaborates with more than 100 hospitals, providing support to organ and tissue donors and their families who choose to give the gift of life to those on the transplant waitlist across the nation. The OPO serves a diverse population of 13 million people in New York City and Nassau, Suffolk, Westchester, Orange, Putnam, Dutchess, and Rockland counties. To learn more, visit [LiveOnNY.org](https://LiveOnNY.org).
