

LiveOnNY TISSUE DONATION

Every day, thousands of Americans are waiting for tissue transplants. Many are for surgeries that people we know, or are close to us, may have even undergone. Giving the gift of life and healing is an opportunity to further enhance your loved one's legacy. Very often, donor families share that they have found great comfort in the donation of their loved one's organs and/or tissues. At LiveOnNY, we respect your decision to consider tissue donation, so the following information is provided for your guidance.

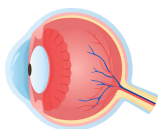

ANITA

cornea recipient
and living donor

Anita, a NYPD detective, was shocked to learn she had a rare genetic condition causing her to go blind. She was just 28 years old and working as a police officer in the Bronx. She received a cornea transplant from a selfless tissue donor in 2011 that restored her sight. ***"I am so grateful to my donor,"*** she says. Anita went on to donate a portion of her liver to her father in 2012. ***"I love my dad,"*** she says. ***"I hope the donation gives him many more years with us."***

USES FOR DONATED TISSUE:

CORNEAS

may restore sight
and can be used in
reconstructive surgeries

HEART VALVES

replace failing valves in the heart, a
majority of heart valves are used in
children and women in childbearing age

TENDON AND LIGAMENTS

return mobility and stabilize
joints such as knee
reconstruction

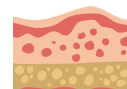

BONE

has many uses including spinal
fusion, hip and knee repair,
dental procedures, facial/jaw
reconstruction following trauma
or tumor removal

VEINS & ARTERIES

used to increase circulation
in heart bypass and limb
salvage surgery

SKIN

used as temporary burn dressing
and reconstructive surgeries,
including reconstructive breast
surgery after a mastectomy

FACTS ABOUT TISSUE DONATION

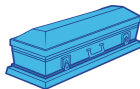

The body is always treated with dignity and respect.

Costs directly related to the recovery of tissues will not be charged to the family.

Major religions support organ and tissue donation.

While tissue donation can impact the body's appearance, generally, open casket services can be arranged. We will work closely with the funeral home chosen by the family to ensure that they may have the service of their choice.

ABOUT LiveOnNY

LiveOnNY is a federally designated Organ Procurement Organization (OPO) committed to honoring, saving, and transforming lives through organ and tissue donation. Established in 1978, LiveOnNY collaborates with more than 100 hospitals, providing support to organ and tissue donors and their families who choose to give the gift of life to those on the transplant waitlist across the nation. The OPO serves a diverse population of 13 million people in New York City and Nassau, Suffolk, Westchester, Orange, Putnam, Dutchess, and Rockland counties. To learn more, visit LiveOnNY.org.
